# AMERICANS NEAR FORTS OF METZ

NO SIGN OF SLACKENING OF ACTIVITIES. BRITISH MAKE IMPORTANT GAINS NEAR ST. QUENTIN.

(By the Associated Press)

Along the battle line American attention is directed chiefly at the Lorraine front, where Americans are under fire from Metz fortress and are apparently making ready for a drive against the "Kriembild" line to which the Germans withdrew their shattered columns from the St. Mihiel salient. Along this front the Americans are on the threshold of the frontier.

The British are slowly creeping closer to the Hindenburg line in Picardy, the Germans having been forced out of Maissemy and Helnon wood farther south. The German Flanders retirement still continues with the British pressing closely on their heels. East of the Ailette and south of the Aisne close contact with the enemy is being maintained by the allies.

#### German Artillery Active.

With American Army in Lorraine, Sept. 16 (12:30 P.M.).—German artillery activity increased somewhat during the forenoon today. No infantry attacks, however, were made.

#### British Nearer St. Quentin.

With British Armies in France, Sept. 16.—Maissemy, five miles northwest of St. Quentin, has been taken by the British, adding another important position to those recently taken along the ridges to the west of St. Quentin. Beyond activity of a local nature near La Basse on the northern battle front no important infantry action occurred Sunday but heavy artillery duels have been fought at various points.

#### British Advance in Flanders.

London, Sept. 16.—The British last night advanced their line north of the Arras-Cambrai road establishing posts in Sauchy, Cauchy and Oppy Vicinities, according to today's official statement. On the Flanders front British pushed ahead in successful minor operations on both sides of the Ypres-Comines canal on a front of over two miles.

## AUSTRIA'S PEACE PROPOSITION

BURIAN SENDS NOTE TO WAR-RING NATIONS PROPOSING EXCHANGE OF VIEWS.

(By the Associated Press) Amsterdam, Sept. 16.—Austria's peace note was handed to entente representatives at Berne, Switzerland, at 1 o'clock Saturday afternoon, according to the Berlin Vossische Zeitung. The note was simultaneously presented at Berlin, Safi and Constantinople and was brought to the attention of the neutral powers. The note was dispatched by Baron Burian, Austro-Hungarian foreign minister, at the order of Emperor Charles and invites belligerents to a conference for a discussion of peace possibilities, but does not specify a cessation of hostilities.

#### Austria Acted Alone.

Paris, (Havas Agency), Sept. 16.—It is reported from a Berlin semi-official source that Foreign Minister Burian's peace move is binding on Austria alone, says a Zurich dispatch today. Germany, the advices state, had no part whatever in drawing up the note.

## S.A.T.C. MARRIED MEN TO GET ALLOTMENTS

One of the numerous questions raised with reference to the advantages of the Students' Army Training Corps is as to whether or not a married man who joins the Corps may have an allotment for his family just like he would if he went to a continent. The following letter from Col. Rees, chairman of the Committee on Education and Special Training, answers this question definitely:

Washington, Sept. 13th, 1918.  
My dear Mr. Gordon:

Replies to your telegram of September 11th, I beg to advise that members of the Students' Army Training Corps will be soldiers on active duty status and, as such, will be governed by the same rules as to allotments and insurance, as other men in the service.

Yours very truly,

(Signed) R. I. REES,  
Colonel, General Staff, Chairman.  
It may be stated furthermore that a member of the Students' Army Training Corps is a soldier. His family is entitled to a service flag. He may take out government insurance and will have the care of a physician in time of illness just as he would if he were in a cantonment.

## AMERICANS CAPTURE MUCH WAR MATERIAL

Washington, Sept. 16.—It required just twenty-seven hours for the American troops and their supporting French divisions to reduce the St. Mihiel salient. This was disclosed by General Pershing's communiqué for yesterday, received tonight at the war department.

General Pershing said that besides liberating 150 square miles of territory and taking 15,000 prisoners, the Americans captured more than 100 guns of all calibres and "hundreds of machine guns and trench mortars."

A partial examination of the battlefield, the American commander added, shows that great quantities of ammunition, telegraph and telephone materials, rolling stock, clothing and equipment were abandoned by the enemy. This was in addition to the large stores burned by the Germans during their hasty retreat.

The cotton market declined a few points today and closed somewhat lower than Saturday.

## DEMobilization LONG WAY OFF

DANIELS SAYS NORMAL PEACE CONDITIONS YEAR OR TWO IN FUTURE.

(By the Associated Press) ANNAPOLIS, Dec. 18.—At least a year, possibly two years, will be required before the nation can return to normal peace conditions and we will be fortunate if conditions abroad make demobilization possible at so early a date," said Sec. Daniels addressing the conference of state governors in session here. The navy, said Daniels, must be increased and strengthened to enable this country to contribute to the international police, adding that he hoped the peace conference would end competitive navy building.

## WILSON SILENT ON LEAGUE PLAN

DENIES THAT HE HAS EXPRESSED VIEWS ON PLANS ALREADY SUBMITTED.

(By the Associated Press)

PARIS, Dec. 18.—Up to this moment President Wilson has not expressed himself in favor of any of the various propositions that have been advanced as regards the creation of a league of nations, says a statement issued today by the American peace commission. The statement applies particularly to a report which has been published to the effect that the president has accepted the principles of the league to enforce peace.

The president this afternoon called at the headquarters of the American peace mission in the hotel de Crillon, for the purpose of meeting other members of the mission and inspecting the organization already created.

**RESOLUTION.**

It is a pleasure heavily weighted

with sorrow to bear witness to the

splendid life and matchless services

of J. M. Wintersmith, who was call

ed from the scene of his labors Octo

ber 13, 1918. It is a pleasure to ackn

owledge the beauty of his life and

the magnitude of his services, but a

sorrow beyond expression to behold

his untimely departure.
